

# San Elijo Dance & Music Academy

## Summer Session Enrollment

We want to thank you for the wonderful opportunity to teach your children. They have all learned so much this year and our excitement is building as we approach our Year-End Performance!

During the month of July we offer a variety of camps and some classes that may work around your vacation plans. Please see below. Summer is a great time at the Academy to dance with friends in a fun atmosphere while staying in tip-top shape to start the next level.

The Summer Session traditionally sells out so please let us know by May 17th if your dancer will be attending the Summer Session so that our teachers will be properly staffed for your children.

Thank you and we look forward to a fun-filled summer of dance with you!
